

## SIMPLE, SWIFT, SECURE CONNECTIONS FOR QUICKER MAINTENANCE

Headaches from fighting with your hydraulic system are a thing of the past with quick coupler drain manifolds from Cirus Controls. Providing a secure connection, the stainless steel pushbutton pressure release allows you to manually connect and disconnect with ease. Cirus quick coupler drain manifolds also offer retrofitting options, available in two sizes, and complete compatibility with any mobile hydraulic system.

### QUICK COUPLER DRAIN MANIFOLD

- Pushbutton operation (no tools required)
- Compatible with any mobile hydraulic system
- Available in 2 and 4 port sizes
- Cost-effective, compact assembly
- Pressure ratings up to 3,000 psi
